MAINTAINING YOUR METAL EQUIPMENT:

Keep checking for rust and limit moving the jungle gym around your garden as this may chip the paint and open the metal to rust. These may require re-painting every 2nd year to keep the paint looking new.

Remember there is no paint that will stick to rubber tyre seats, so this will peel off over time. If rusting occurs, sand the paint down and repaint.

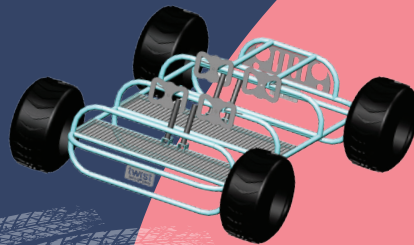

You can contact Twist should you want to purchase paint similar to our colour palette.
